Dear The Federal Communications Commission,

I only use my cell phone a couple of times a month. I understand that you are considering a flat fee proposal that would make people who make few long distance calls pay the same as people or businesses that make many calls. This is unfair!

I use my wireless phone for safety, security and convenience. I don't want to lose these benefits so that big businesses can pay less than their fair share. I urge you to reject the proposal to move the USF collection system to a flat-fee.

Keep the USF Fair!

Sincerely,
